

Press Release

Foyer Global Health selects MR HealthTech's MEDNEXT 10 as its new Health Insurance Management System

Luxembourg, June 21st 2022

Foyer Global Health, the international health insurer and service provider for globally mobile people of Foyer S.A. has signed a deal with MR HealthTech, a division of Munich Re, to deploy MEDNEXT 10 as its core health insurance management system. MEDNEXT 10 will enable Foyer Global Health, the daughter company of Foyer S.A., the largest insurer in Luxembourg, to digitally transform its ecosystem and support its aspirational goals for growth.

MR HealthTech is a leading global specialist in digital solutions for the health insurance industry. Driven by innovation, a quarter-century of expertise and proven track record, MR HealthTech is trusted by health insurers worldwide as a key partner to modernise their business and achieve operational excellence.

François Jacquemin, CEO of Foyer Global Health, commented on the occasion, "Our objective at Foyer Global Health is to best serve the health needs of individuals and groups around the world through our tailored health plans. To meet this objective, we have established a strong relationship with MR HealthTech based on trust and transparency as basis for our partnership. Both parties have dedicated teams of seasoned professionals with proven track records in digital and iPMI environments and are working towards the project's successful launch. Thanks to this partnership, we will replace our current system with a robust platform that will serve our current and future needs and significantly enhance our customer experience."

Gerry Raftopoulos, CEO, MR HealthTech, commented, "Our partnership with Foyer Global Health is a significant milestone as it extends our presence in Europe and in the iPMI market segment. MEDNEXT 10 will help Foyer Global Health transform its business by leveraging an innovative, technologically advanced, agile, and automated insurance management system. We always build long-term relationships with our customers and Foyer Global Health is an ideal partner as we share common corporate values, like client centricity and drive to succeed."

About MR HealthTech:

MR HealthTech Ltd is a division of Munich Re, one of the world's leading providers of reinsurance, primary insurance, and insurance-related risk solutions. MR HealthTech has been operating since 1995 and its solutions are currently supporting 24 organizations in 19 countries in Europe, the Middle East, Africa, Asia and Latin America. Its client base includes insurance companies, third-party administrators (TPAs) and Reinsurers. MR HealthTech addresses the pain points of the insurance industry through its innovative health insurance management system, which supports and automates the health insurance business end-to-end. Its software solutions decrease the complexity of creating and managing complicated health insurance products, enhance the

customer experience throughout the claims process and provide the tools for successful portfolio management.
