

Foyer Global Health to collaborate with Teladoc Health to launch additional well-being services

Leudelange, 20/08/2024

Foyer Global Health, the international health insurer for expatriates and companies, is thrilled to announce the launch of new telemedicine services in collaboration with Teladoc Health, the global leader in virtual care, and long-standing partner of the insurance company. This launch represents an important step forward in providing Foyer Global Health customers with high quality healthcare.

Since its creation, Foyer Global Health is committed to answering customers' need of accessing round-the-clock and easy care from anywhere in the world. The pandemic context of the last years has made telemedicine a necessity for globally mobile people. Thanks to the partnership with Teladoc Health, Foyer Global Health continuously enhances the accessibility of the virtual care services. The company is committed to offering its customers a better sense of security through mental health support all along their expatriate journey. Since June 2024, Foyer Global Health has extended its telemedicine solutions with two new services, the Mental Health Coaching and Get Fit Program. These services are easily accessible through the portal and free of charge for all their insured members.

"Taking leadership in adapting to the unique needs of international families and professionals has always been Foyer Global Health's priority. Mobility for all means full access to top quality healthcare and effective assistance at any time and wherever needed. And we deliver: we strive to be a trusted partner in our clients' expatriation journey for both physical and mental health," said François Jacquemin, CEO of Foyer Global Health. "Our long-lasting partnership with Teladoc Health is key to addressing globally mobile people's expectations. Together, we are proud to be able to deliver reliable telehealth solutions tailored to them."

"Focusing not only on physical health but expanding our support to include whole-person care is the way to go. At Teladoc Health, we are excited to expand our long-standing partnership with Foyer Global Health," added Lydia Geluk, Commercial Director Benelux of Teladoc Health. "Through our combined global footprint, we can support members wherever they are and allow them to discuss any issue related to their physical or mental wellbeing in a language they are comfortable with."

About Foyer Global Health
